Research Interests

Physiological underpinnings of cognition and functional brain reorganization

Quantitative fMRI applied to cognitive and clinical neuroscience

Brain connectivity and distributed networks involved in cognition and behaviour

Improving diagnostics and assessments of neurological disease with brain imaging

Education & Training

- 2012-present Postdoctoral scholar (Advisor: Dr. Bruce Pike)
Hotchkiss Brain Institute and Radiology, University of Calgary
Neurology & Neurosurgery, McGill University
Quantitative fMRI of cerebrovascular dysfunction
- 2008-2012 PhD, Psychology/Neuroscience, Dalhousie University
Supervisor: Dr. Ryan D'Arcy
Refinements to the understanding of functional MRI activation in white matter
- 2005-2007 MSc, Psychology/Neuroscience, Dalhousie University
Supervisor: Dr. Ryan D'Arcy
Detecting interhemispheric transfer across the corpus callosum using high field functional magnetic resonance imaging
- 2001-2005 BSc (first class honours), Neuroscience & Computer Science, Dalhousie University
Supervisor: Dr. Ryan D'Arcy
Electrophysiological characterization of temporal lobe activation during visual object recognition

Other Research Experience

- Summers 2003-2005 National Research Council (NRC) Women in Engineering and Science
Program work terms
Institute for Biodiagnostics (Atlantic), NRC, Halifax, Nova Scotia
Supervisor: Dr. Ryan D'Arcy
- 2003-2004 Clinical Brain Imaging Program research assistant (part-time)
Department of Psychiatry, Dalhousie University
Supervisor: Dr. Normand Carrey

Summer 2002 Natural Sciences and Engineering Research Council of Canada (NSERC)
 Undergraduate Student Research Award work term
 Department of Psychology, Dalhousie University
 Supervisor: Dr. John Connolly

Other Training and Certifications

2014 Level 2 MRI operator
 Seaman Family MRI Research Centre, University of Calgary

2013 Instructional Skills Workshop
 Teaching and Learning Centre, University of Calgary

2013 RespirAct™ Training & Certification Course
 Thornhill Research Inc., Toronto

2008 FSL Course
 Queensland Brain Institute, University of Queensland

2005 BrainVision User Workshop
 Lisbon, Portugal

Research Grants

2014-2016 CIHR Catalyst Grant (Secondary Analysis of Neuroimaging Databases)
 *Pre-symptomatic biomarkers for Alzheimer's disease: structural and functional
 changes in white matter*
 Gawryluk JR (PI), **Mazerolle EL**, Ritchie LJ, Fisk JD
 \$42 357 / year

Awards and Honours

Postdoctoral Fellowships

2014-present NSERC Postdoctoral Fellowship

2014-present Alberta Innovates Health Solutions Postgraduate Fellowship (incentive program)

2014-present NSERC CREATE International and Industrial Imaging Training (I3T) Fellowship

2014 MS Society of Canada Postdoctoral Fellowship (declined)

2012-2013 Canadian Imperial Bank of Commerce Fellowship in Brain Imaging

Graduate Scholarships

2010-2011 Izaak Walton Killam Predoctoral Scholar (2 x \$25 000)

2008-2010 NRC Graduate Student Scholarship Supplement – Doctoral (3 x \$7 500)

2009-2010 President's Award – Dalhousie University (\$12 039)

2008-2009 NSERC Alexander Graham Bell Canada Graduate Scholarship – Doctoral (2 x
 \$35 000)

2008	L'Oréal-UNESCO “For Women in Science” Mentor Fellowship (\$5 000)
2008	Molly Neuroscience Traineeship – Dalhousie University (\$8 000)
2006-2007	NSERC Post-Graduate Scholarship – Masters (\$17 300)
2005-2009	Honorary Izaak Walton Killam Predoctoral Scholar (\$2 700)
2005-2007	NRC Graduate Student Scholarship Supplement – Masters (2 x \$5 000)
2005-2006	Julie Payette NSERC Graduate Research Scholarship (\$25 000)
2005	D.O. Hebb Post-Graduate Prize (\$1 000)

Honours

2011	Top student poster (white matter study group) – 19th Scientific Meeting of the International Society for Magnetic Resonance in Medicine
2009	Fellow of the Summer Institute in Cognitive Neuroscience University of California, Santa Barbara
2008	Top 80 Women to Watch – Chatelaine Magazine
2007	Canadian Psychological Association Certificate of Academic Excellence – Masters Thesis

Travel and Registration Awards

2014	Educational Stipend – 22nd Scientific Meeting of the International Society for Magnetic Resonance in Medicine (\$445 USD)
2014	Hotchkiss Brain Institute REALISE (Research, Education and Leadership in Neuroscience) External Module Registration funding (\$500)
2012	Atlantic endMS Regional Research and Training Centre Trainee Travel Award (\$1 993)
2011	Dalhousie Association of Graduate Students Travel Grant (\$100)
2011	Educational Stipend – 19th Scientific Meeting of the International Society for Magnetic Resonance in Medicine (\$450 USD)
2010	Trainee Abstract Award – 16th Annual Meeting of the Organization for Human Brain Mapping (\$600 USD)
2009	Nova Scotia Health Research Foundation Research Capacity Award (\$793)
2008	Trainee Abstract Award – 14th Annual Meeting of the Organization for Human Brain Mapping (\$1 000 USD)
2007-2008	Dalhousie Faculty of Graduate Studies Travel Grant (2 x \$750)
2007	Educational Stipend – 15th Scientific Meeting of the International Society for Magnetic Resonance in Medicine (\$638 USD)

Undergraduate Scholarships and Awards

2004	Dalhousie Neuroscience Institute Prize (\$300)
------	--

- 2003 Dalhousie University Lilyan E. White Prize in Neuroscience (\$200)
- 2001-2005 Dalhousie University renewable entrance scholarship (4 x \$5 000)
- 2001-2005 Faculty of Science Dean's List

Teaching and Mentoring

Academic Teaching

- Fall 2014 Model Systems in Neurobiology guest lecturer
Topic: MRI and fMRI
Undergraduate course, BSc Neuroscience Program, University of Calgary
- Winter 2014 Medical Imaging Applications guest lecturer
Topic: Diffusion MRI
Graduate course, Medical Imaging Specialization, University of Calgary
- Fall 2010 Research Methods in Cognitive Neuroscience guest lecturer
Topic: ERP source localization
Undergraduate course, Department of Psychology, Dalhousie University
- Fall 2008 Methods in Experimental Psychology teaching assistant
Undergraduate course, Department of Psychology, Dalhousie University
- Winter 2008 Statistical Methods teaching assistant
Undergraduate course, Department of Psychology, Dalhousie University
- Winter 2006 Research Methods in Cognitive Neuroscience teaching assistant
Undergraduate course, Department of Psychology, Dalhousie University

Student and Highly Qualified Personnel Supervision

- 2014-present Medical Science master's student co-supervisor (Jaimie Bird BSc)
- 2014-present Day-to-day supervision of research assistants (Michelle McCowan BSc and Melany McLean BSc)
- 2014 Biology/Health Sciences summer student co-supervisor (Alexa Kuczynski)
- 2011-2012 Psychology honours thesis co-supervisor (Lauren Dunphy BSc)
- Subsequent MSc at Western University (2014)
 - Currently a research assistant at Dalhousie University
- 2009-2010 Physics honours thesis co-supervisor (Hannah Dahn)
- 2008 Neuroscience honours thesis co-supervisor (Caitlin Wolfe)
- 2008 Neuroscience honours thesis co-supervisor (Vanessa Versteeg)
- 2007 Electrical engineering co-op student co-supervisor (Nicole Pelot)
- Currently a Fullbright scholar pursuing a PhD in Neural Engineering at Duke University
- 2006-2007 Neuroscience honours thesis co-supervisor (Julia Cameron-Vendrig)

Other – University Environment

- 2014-present Co-founder and Lead Coordinator of the Calgary Analysis Workgroup, University of Calgary
- 2014-present Trainer for Level 1 and 2 MRI operator certification, Seaman Family MRI Research Centre, University of Calgary

Other – Science Outreach

- Spring 2015 Mentor for the Coder Dojo (youth computer programming club), Calgary Public Library
- 2008-2015 Guest Speaker and Mentor for elementary, junior, and senior high school science classes (Halifax and Calgary, six events)
- 2005-2013 Demonstrator, Tour Guide, and Mentor for youth events in the lab, including Shad Valley, Girl Guides of Canada, and university open houses (Halifax and Montreal, seven events)
- 2009-2011 Lead Coordinator (2010-2011) and Volunteer Judge (2009) for Dalhousie University's CIHR Brain Bee
- 2009-2011 Youth Outreach Volunteer for Brain Awareness Week, Society for Neuroscience, Halifax Chapter
- 2006-2010 Guest Speaker and Mentor at youth science camps and clubs with SuperNOVA at Dalhousie University and Adventures in Engineering and Science, University of Ottawa (six events)
- 2005-2008 Founding Leader/Mentor of Industry, Technology and Science (ITS) for GIRLS! SuperNOVA at Dalhousie University
This is a monthly all-girl science and technology adventure club (ages 10-14) that was the winner of the Canadian Women's Foundation Girls' Fund grant.
- 2006-2008 Instructor, Actua science and engineering camps (week-long day camps at Ottawa Boys and Girls Club, Ontario; Charlottetown Boys and Girls Club, Prince Edward Island; Indian Brook First Nation, Nova Scotia; Native Council of Prince Edward Island; Pictou Landing First Nation, Nova Scotia)
- Fall 2007 Head Instructor for Actua science clubs, Wabano Aboriginal Health Centre and Ottawa Inuit Children's Centre (Ottawa)
- 2006 Lead organizer, *Thinking about Neuroscience with Dr. Roberta Bondar* (special neuroscience event for over 120 girls and their parents)

Professional Activities

Editorial Service

- Ad-hoc Reviewer, NeuroImage (6 articles)
- 2013-2014 Abstract reviewer, Annual Meetings of the Organization for Human Brain Mapping

Professional Associations

- 2014-2015 Member, University of Calgary Academic Women's Association
- 2005-2015 Member, International Society for Magnetic Resonance in Medicine
- 2007-2015 Member, Organization for Human Brain Mapping
- 2012 Member, Society for Neuroscience
- 2005 Member, Society for Psychophysiological Research

Committees

- 2014-2015 Trainee representative, NSERC CREATE I3T steering committee, University of Calgary
- 2009-2010 Student representative, Research Ethics Board, Department of Psychology, Dalhousie University
- 2008-2009 Student representative, Graduate Program Committee, Department of Psychology, Dalhousie University
- 2005-2006 Student representative, Research Ethics Board, Department of Psychology, Dalhousie University

Speaking Engagements and Media Events

- 2014 Guest Speaker at the Cumming School of Medicine funding announcement, University of Calgary
- 2014 Guest Speaker at the Campus Alberta Innovates Program (CAIP) chair announcement for Drs. Bruce Pike and Marc Strous (Calgary)
- 2010 Student spokesperson for the Molly Appeal fundraising campaign, Dalhousie Medical Research Foundation
- 2008 Guest Speaker at the Canadian Women's Foundation luncheon (Halifax)
- 2008 Tour Guide/Demonstrator for the grand opening of the Biomedical MRI Research Laboratory, National Research Council, Halifax (including special guest the Hon. Peter MacKay, Minister of National Defence)

Publications and Presentations

Invited Talks

- Jun 26, 2014 Department of Psychology, University of Victoria
Disentangling blood supply and brain function in cerebrovascular disease using quantitative functional MRI
- Jun 3, 2014 4th Alberta Imaging Symposium (Edmonton)
Disentangling blood supply from brain function: advanced fMRI techniques applied to cerebrovascular disease

- Apr 12, 2012 Journal Club, Atlantic endMS Regional Research and Training Centre (Halifax)
Brain connectivity and cognitive function in multiple sclerosis
 Co-presented with Dr. Magdalena Wojtowicz
- May 16, 2011 Brain Imaging Centre lecture series, Montreal Neurological Institute
Can fMRI detect activation in white matter?
- Feb 9, 2010 Kanwisher lab meeting, Massachusetts Institute of Technology
White matter fMRI
- Jun 15, 2007 Seminar series, Institute for Biodiagnostics, NRC (Winnipeg, Manitoba)
Can multimodal brain imaging detect interhemispheric transfer?
