Research Interests

Physiological underpinnings of cognition and functional brain connectivity
Neurovascular coupling in the human brain
Metabolic and hemodynamic changes in neurological disease and recovery
White matter imaging

Leaves of Absence

November 2016-November 2017 Maternity leave

Education & Training

- 2012-present Postdoctoral researcher
 Advisor: Prof. Bruce Pike
 Hotchkiss Brain Institute and Radiology, University of Calgary
 Neurology & Neurosurgery, McGill University
- 2008-2012 PhD, Psychology/Neuroscience, Dalhousie University
 Supervisor: Prof. Ryan D'Arcy
 Thesis: *Refinements to the understanding of functional MRI activation in white matter*
- 2005-2007 MSc, Psychology/Neuroscience, Dalhousie University
 Supervisor: Prof. Ryan D'Arcy
 Thesis: *Detecting interhemispheric transfer across the corpus callosum using high field functional magnetic resonance imaging*
- 2001-2005 BSc (first class honours), Neuroscience & Computer Science, Dalhousie University
 Supervisor: Prof. Ryan D'Arcy
 Thesis: *Electrophysiological characterization of temporal lobe activation during visual object recognition*

Other Research Experience

- Summers 2003-2005 National Research Council (NRC) Women in Engineering and Science
 Program work terms
 Institute for Biodiagnostics (Atlantic), NRC, Halifax, Nova Scotia
 Supervisor: Prof. Ryan D'Arcy
- 2003-2004 Clinical Brain Imaging Program research assistant (part-time)
 Department of Psychiatry, Dalhousie University
 Supervisor: Dr. Normand Carrey

Summer 2002 Natural Sciences and Engineering Research Council of Canada (NSERC)
Undergraduate Student Research Award work term
Department of Psychology, Dalhousie University
Supervisor: Prof. John Connolly

Other Training and Certifications

2015 Research Communication and Media Training (hosted by Jay Ingram)
University of Calgary

2014 Level 2 MRI operator
Seaman Family MRI Research Centre, University of Calgary

2013 Instructional Skills Workshop
Teaching and Learning Centre, University of Calgary

2013 RespirAct™ Training & Certification Course
Thornhill Research Inc., Toronto

2008 FSL Course
Queensland Brain Institute, University of Queensland

2005 BrainVision User Workshop
Lisbon, Portugal

Research Grants

2016-2019 Multiple Sclerosis Society of Canada Operating Grant
Comorbidity, cognition and multiple sclerosis (C-COMS)
Marrie RA (PI), Fisk JD, Graff L, **Mazerolle EL**, Kornelsen J, Bernstein CN, Bolton J, Marriott JJ, Figley C
\$266 083.39

2014-2016 CIHR Catalyst Grant (Secondary Analysis of Neuroimaging Databases)
Pre-symptomatic biomarkers for Alzheimer's disease: structural and functional changes in white matter
Gawryluk JR (PI), **Mazerolle EL**, Ritchie LJ, Fisk JD
\$84 714

Awards and Honours

Postdoctoral Fellowships

2016-present Alberta Innovates-Health Solutions Postgraduate Fellowship

2014-2016 Alberta Innovates-Health Solutions Postgraduate Fellowship (incentive program)

2014-2016 NSERC Postdoctoral Fellowship

2014-2016 NSERC Collaborative Research and Training Experience (CREATE) International and Industrial Imaging Training (I3T) Fellowship

2014 Multiple Sclerosis Society of Canada Postdoctoral Fellowship (declined)

2012-2013 Canadian Imperial Bank of Commerce Fellowship in Brain Imaging

Graduate Scholarships

2010-2011	Izaak Walton Killam Predoctoral Scholar (2 x \$25 000)
2008-2010	NRC Graduate Student Scholarship Supplement – Doctoral (3 x \$7 500)
2009-2010	President’s Award – Dalhousie University (\$12 039)
2008-2009	NSERC Alexander Graham Bell Canada Graduate Scholarship – Doctoral (2 x \$35 000)
2008	L’Oréal-UNESCO “For Women in Science” Mentor Fellowship (\$5 000)
2008	Molly Neuroscience Traineeship – Dalhousie University (\$8 000)
2006-2007	NSERC Post-Graduate Scholarship – Masters (\$17 300)
2005-2009	Honorary Izaak Walton Killam Predoctoral Scholar (\$2 700)
2005-2007	NRC Graduate Student Scholarship Supplement – Masters (2 x \$5 000)
2005-2006	Julie Payette NSERC Graduate Research Scholarship (\$25 000)
2005	D.O. Hebb Post-Graduate Prize (\$1 000)

Honours

2011	Top student poster (white matter study group) – 19th Scientific Meeting of the International Society for Magnetic Resonance in Medicine
2009	Fellow of the Summer Institute in Cognitive Neuroscience University of California, Santa Barbara
2008	Top 80 Women to Watch – Chatelaine Magazine
2007	Canadian Psychological Association Certificate of Academic Excellence – Masters Thesis

Travel and Registration Awards

2016	Travel award - 2016 International Conference for Promoting Healthy Brain Aging and Preventing Dementia (\$350)
2014	Educational Stipend – 22nd Scientific Meeting of the International Society for Magnetic Resonance in Medicine (\$445 USD)
2014	Hotchkiss Brain Institute REALISE (Research, Education and Leadership in Neuroscience) External Module Registration funding (\$500)
2012	Atlantic endMS Regional Research and Training Centre Trainee Travel Award (\$1 993)
2011	Dalhousie Association of Graduate Students Travel Grant (\$100)
2011	Educational Stipend – 19th Scientific Meeting of the International Society for Magnetic Resonance in Medicine (\$450 USD)
2010	Trainee Abstract Award – 16th Annual Meeting of the Organization for Human Brain Mapping (\$600 USD)

- 2009 Nova Scotia Health Research Foundation Research Capacity Award (\$793)
- 2008 Trainee Abstract Award – 14th Annual Meeting of the Organization for Human Brain Mapping (\$1 000 USD)
- 2007-2008 Dalhousie Faculty of Graduate Studies Travel Grant (2 x \$750)
- 2007 Educational Stipend – 15th Scientific Meeting of the International Society for Magnetic Resonance in Medicine (\$638 USD)

Undergraduate Scholarships and Awards

- 2004 Dalhousie Neuroscience Institute Prize (\$300)
- 2003 Dalhousie University Lilyan E. White Prize in Neuroscience (\$200)
- 2001-2005 Dalhousie University renewable entrance scholarship (4 x \$5 000)
- 2001-2005 Faculty of Science Dean's List

Teaching and Mentoring

Academic Teaching

Guest lecture on MRI and fMRI

- Medical Imaging Applications (MDSC 689.11), graduate course, Medical Imaging Specialization, University of Calgary (Winter 2016)
- Model Systems in Neurobiology (NEURO 451), undergraduate course, BSc Neuroscience Program, University of Calgary (Fall 2014 and 2015)

Guest lecture on diffusion MRI

- Medical Imaging Applications (MDSC 689.11), graduate course, Medical Imaging Specialization, University of Calgary (winter 2014)

Guest lecture on ERP source localization

- Research Methods in Cognitive Neuroscience (PSYO/NESC 3137), undergraduate course, Department of Psychology, Dalhousie University (Fall 2010)

Teaching assistantships

- Methods in Experimental Psychology (PSYO 2000), undergraduate course, Department of Psychology, Dalhousie University (Fall 2008)
- Statistical Methods (PSYO 2501), undergraduate course, Department of Psychology, Dalhousie University (Winter 2008)
- Research Methods in Cognitive Neuroscience (PSYO/NESC 3137), undergraduate course, Department of Psychology, Dalhousie University (Winter 2006)

Student and Highly Qualified Personnel Supervision

- 2018-present Co-supervisor, neuroscience master's student (J. Specht)
- 2018-present Co-supervisor, Engineering co-op student (one year term; G. Seasons, University of Alberta)
- 2018 Supervisor, Engineering co-op summer student (M. Taylor, Memorial University)
- 2015-present Diffusion MRI analysis mentor, neuroscience PhD student (S. Findlater)

2015-present	Day-to-day supervision of research assistant (K. Sabourin)
2014-2016	Co-supervisor, medical science master's student (J. Bird) <ul style="list-style-type: none"> • Currently in the MD program at University of Calgary
2014-2015	Day-to-day supervision of two research assistants (M. McCowan and M. McLean)
2014	Supervisor, biology/health sciences summer student (A. Kuczynski)
2011-2012	Co-supervisor, psychology honours thesis (L. Dunphy) <ul style="list-style-type: none"> • Subsequent MSc at Western University (2014)
2009-2010	Co-supervisor, physics honours thesis (H. Dahn)
2008	Co-supervisor, neuroscience honours thesis (C. Wolfe)
2008	Co-supervisor, neuroscience honours thesis (V. Versteeg)
2007	Co-supervisor, electrical engineering co-op student (N. Pelot) <ul style="list-style-type: none"> • Currently pursuing a PhD in Neural Engineering at Duke
2006-2007	Co-supervisor, neuroscience honours thesis (J. Cameron-Vendrig)

Other Teaching – University Environment

Jun 14, 2016	Presenter, Seaman Family MRI Research Centre safety refresher, University of Calgary
Jun 26, 2015	Leader, hands-on workshop for diffusion MRI analysis, Calgary Analysis Workgroup, University of Calgary
Jan 15, 2015	Leader, workshop on analysis for BOLD cerebrovascular reactivity data, Calgary Analysis Workgroup, University of Calgary
2014-present	Trainer for Level 1 and 2 MRI operator certification, Seaman Family MRI Research Centre, University of Calgary
2014-2016	Co-founder and Lead Coordinator of the Calgary Analysis Workgroup, University of Calgary (monthly workshops on data analysis for MRI)

Other Teaching – Youth Science Outreach

2016	Guest Speaker and Mentor at youth entrepreneurship and innovation camp, MindFuel, Calgary
Spring 2015	Mentor, Coder Dojo (youth computer programming club), Calgary Public Library
2008-2015	Guest Speaker and Mentor for elementary, junior, and senior high school science classes (Halifax and Calgary, six events)
2005-2013	Demonstrator, Tour Guide, and Mentor for youth events in the lab, including Shad Valley, Girl Guides of Canada, and university open houses (Halifax and Montreal, seven events)
2009-2011	Lead Coordinator (2010-2011) and Volunteer Judge (2009) for Dalhousie University's CIHR Brain Bee

- 2009-2011 Youth Outreach Volunteer for Brain Awareness Week, Society for Neuroscience, Halifax Chapter
- 2006-2010 Guest Speaker and Mentor at youth science camps and clubs with SuperNOVA at Dalhousie University and Adventures in Engineering and Science, University of Ottawa (six events)
- 2005-2008 Founding Leader/Mentor of Industry, Technology and Science (ITS) for GIRLS! SuperNOVA at Dalhousie University
This is a monthly all-girl science and technology adventure club (ages 10-14) that was the winner of the Canadian Women's Foundation Girls' Fund grant.
- 2006-2008 Instructor, Actua science and engineering camps (week-long day camps at Ottawa Boys and Girls Club, Ontario; Charlottetown Boys and Girls Club, Prince Edward Island; Indian Brook First Nation, Nova Scotia; Native Council of Prince Edward Island; Pictou Landing First Nation, Nova Scotia)
- Fall 2007 Head Instructor for Actua science clubs, Wabano Aboriginal Health Centre and Ottawa Inuit Children's Centre (Ottawa)
- 2006 Lead Organizer, Thinking about Neuroscience with Dr. Roberta Bondar (special youth outreach event for over 120 girls and their parents, Halifax)

Professional Activities

Editorial Service

- Ad-hoc Reviewer, NeuroImage (7 articles)
- Ad-hoc Reviewer, Journal of Magnetic Resonance Imaging (2 articles)
- Ad-hoc Reviewer, Science Advances (1 article)
- Ad-hoc Reviewer, Human Brain Mapping (1 article)
- Ad-hoc Reviewer, Cerebral Cortex (1 article)
- Ad-hoc Reviewer, Magnetic Resonance Imaging (1 article)
- 2013-2014, 2018 Abstract reviewer, Annual Meetings of the Organization for Human Brain Mapping

Professional Associations

- 2007-2016 Member, Organization for Human Brain Mapping
- 2014-2015 Member, University of Calgary Academic Women's Association
- 2005-2015 Member, International Society for Magnetic Resonance in Medicine
- 2012 Member, Society for Neuroscience
- 2005 Member, Society for Psychophysiological Research

Committees

- 2014-2015 Trainee representative, NSERC CREATE I3T steering committee, University of Calgary
- 2009-2010 Student representative, Research Ethics Board, Department of Psychology, Dalhousie University
- 2008-2009 Student representative, Graduate Program Committee, Department of Psychology, Dalhousie University
- 2005-2006 Student representative, Research Ethics Board, Department of Psychology, Dalhousie University

Speaking Engagements and Media Events

- 2016 *Adult neuroplasticity: a double-edged sword*
Outreach presentation to the staff of Alpha House Society, a Calgary-based housing and addictions non-profit organization
- 2016 *Adult neuroplasticity: a double-edged sword*
Outreach presentation to the senior leadership team of the Calgary Urban Project Society (CUPS), an anti-poverty non-profit organization
- 2016 *The Robot and MRI study*
Outreach presentation to the Stroke Recovery Association (Calgary)
- 2014 Guest Speaker at the Cumming School of Medicine funding announcement, University of Calgary
- 2014 Guest Speaker at the Campus Alberta Innovates Program (CAIP) chair announcement for Profs. Bruce Pike and Marc Strous (Calgary)
- 2010 Student spokesperson for the Molly Appeal fundraising campaign, Dalhousie Medical Research Foundation
- 2008 Guest Speaker at the Canadian Women's Foundation luncheon (Halifax)
- 2008 Tour Guide/Demonstrator for the grand opening of the Biomedical MRI Research Laboratory, National Research Council, Halifax (including special guest the Hon. Peter MacKay, Minister of National Defence)

Publications and Presentations

Invited Talks

- 18 Oct 2018 Advanced Imaging Seminar Series, University of Calgary
MR-guided focused ultrasound thalamotomy for tremor: Initial MRI observations
- 10 Aug 2017 Department of Pharmacology and Therapeutics, University of Manitoba (Winnipeg)
Neurovascular underpinnings of functional brain connectivity and neurological disease: an MRI perspective

- 19 Apr 2016 Active Living for Healthy Brains: A Community Engagement Event (Calgary)
BOLD-CVR, CBF, and functional connectivity changes associated with a six month aerobic exercise intervention in older adults
- 2 Jun 2015 International Imaging Cerebral Physiology Network Symposium (Toronto)
Task-dependent neurovascular (un)coupling in moyamoya disease: implications for CO₂ reactivity studies
- 26 Jun 2014 Department of Psychology, University of Victoria
Disentangling blood supply and brain function in cerebrovascular disease using quantitative functional MRI
- 3 Jun 2014 4th Alberta Imaging Symposium (Edmonton)
Disentangling blood supply from brain function: advanced fMRI techniques applied to cerebrovascular disease
- 12 Apr 2012 Atlantic endMS Regional Research and Training Centre Journal Club (Halifax)
Brain connectivity and cognitive function in multiple sclerosis
Co-presented with Magdalena Wojtowicz
- 16 May 2011 Brain Imaging Centre lecture series, Montreal Neurological Institute
Can fMRI detect activation in white matter?
- 9 Feb 2010 Kanwisher lab meeting, Massachusetts Institute of Technology
White matter fMRI
- 15 Jun 2007 Seminar series, Institute for Biodiagnostics, NRC (Winnipeg, Manitoba)
Can multimodal brain imaging detect interhemispheric transfer?

Research Articles

1. **Mazerolle EL**, Warwaruk-Rogers R, Romo P, Sankar T, Pichardo S, Martino D, Kiss ZHT, Pike GB (submitted): Diffusion imaging changes following focused ultrasound thalamotomy for tremor. Submitted to *Movement Disorders*.
2. Clark CM, Guadagni V, **Mazerolle EL**, Hill MD, Hogan D, Pike GB, Poulin M (submitted): Effect of aerobic exercise on white matter microstructure in the aging brain. Submitted to *Clinical Physiology and Functional Imaging*.
3. Findlater SE, **Mazerolle EL**, Pike GB, Dukelow SP (submitted): Proprioception and motor performance after stroke: an examination of diffusion properties in sensory and motor pathways. Submitted to *Human Brain Mapping*.
4. Mayo CD, Garcia-Barrera M, **Mazerolle EL**, Ritchie L, Fisk JD, Gawryluk JR (submitted): Relationship between DTI metrics and cognitive function in Alzheimer's disease. Submitted to *Frontiers in Aging Neuroscience*, manuscript #430299.
5. Marrie RA, Patel R, Figley CR, Kornelsen J, Bolton JM, Graff L, **Mazerolle EL**, Marriott JJ, Bernstein CN, Fisk JD (2019): Anxiety and diabetes adversely affect cognition in multiple sclerosis. *Multiple Sclerosis and Related Disorders*, 27: 164-170.

6. MacDonald ME, Berman AJL, **Mazerolle EL**, Williams RJ, Pike GB (2018): Modeling hyperoxia-induced BOLD signal dynamics to estimate cerebral blood flow, volume and mean transit time. *NeuroImage*, 178: 461-474.
